Re: Clean Harbors Acquisition of IntraCoat Pipeline Services LP

Dear Valued Customer:

On October 1, 2010, Clean Harbors Industrial Services completed the acquisition of the assets of IntraCoat Pipeline Services, LP (IPS). Through the combination of IPS and Clean Harbors, our pipeline services have been significantly enhanced and are available to you across a larger geographic area in North America and abroad.

In most cases, you will continue to be serviced by the same personnel you had with IPS. Please contact your customer service representative with any questions. Since the IPS phone number has not changed, please continue to use that same number.

Your business is important to us and we look forward to a great future together.

Yours truly,
