Clean Harbors Opens Service Center in Arcola

Serves southern Saskatchewan and Manitoba

ARCOLA, SASKATCHEWAN – December 16, 2010 – Clean Harbors, the leading provider of environmental, energy and industrial services throughout North America, has opened a regional service center to facilitate the increased oil and gas activities throughout southeast Saskatchewan and southern Manitoba.

Called the Estevan Service Center, its inventory includes vacuum trucks, hydro-vacs, steamers, steamer-vac combos, rod rigs, directional boring equipment, water trucks, pressure trucks and pressure testing equipment for lease and rental, and for use by Clean Harbors personnel in support of oilfield operations. The location includes housing – approximately 50 rooms that are available for nightly and long-term rentals.

“Clean Harbors has multiple locations in western Canada to service industrial and oilfield customers, and our intention is to continue to grow these assets,” said Jason Evans, Clean Harbors Regional Vice President, Energy & Industrial Services. “This new service center in Arcola puts us close to the expanding oilfield activities in the Bakken and Estevan area and positions us to better service Saskatchewan and Manitoba.”

About Clean Harbors

[Clean Harbors](#) is North America’s leading provider of environmental, energy and industrial services serving over 50,000 customers, including a majority of the Fortune 500 companies, thousands of smaller private entities and numerous federal, state, provincial and local governmental agencies.
